*Thank you for taking time out of
your day to come to our
presentation. It is important to
us that kids, and their families,
are aware of the activities that
are offered in the community.
The more engaged kids are in
their community, the less likely
they are to become involved in
drugs and alcohol. If you are an
adult with a skill or interest, and
some time to spare, considering
getting involved and
volunteering to head an activity
for kids in your community.*
